Analysis on Feedback

The feedback form for institutional aspects for the academic year 2023-24 were circulated online among a sample of 450 students chosen at random from the various departments. 446 responses were obtained and the feedback obtained was analyzed to identify the merits and drawbacks of institutional aspects from the students perspective. The data received was analysed by IQAC and a report submitted to the Principal.

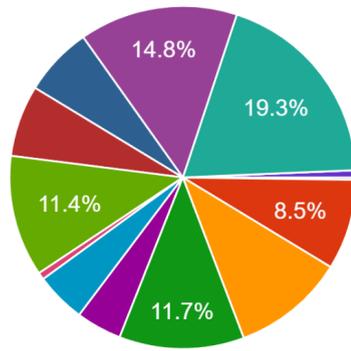

It was found that the students gave very positive feedback on all of these aspect. Key areas of grievances by students were discussed with the respective departments orally.
